

### **Medi-Cal Fee-For-Service Base Estimate**

The Medi-Cal base estimate consists of projections of expenditures based on recent trends of actual data. The base estimate does not include the impact of future program changes, which are added to the base estimate through regular policy changes as displayed in the Regular Policy Change section.

The base estimate consists of two types. The first type, which has traditionally been called the Fee-for-Service Base (FFS Base) Estimate, is summarized in this section. The FFS Base includes the first 12 service categories (Physicians through Home Health) as displayed in most tables throughout this binder and listed below. The data used for these projections consist of claims that are paid through the main Medi-Cal claims processing system at the Fiscal Intermediary. These claims are paid on a fee-for-service basis.

The second type of base estimate, which had traditionally been called the Non-Fee-for-Service (Non-FFS) Base Estimate, is described and included in the Base Policy Change section.

#### **FFS Base Estimate Service Categories:**

- Physicians
- Other Medical
- County Outpatient
- Community Outpatient
- Pharmacy
- County Inpatient
- Community Inpatient
- Nursing Facilities
- Intermediate Care Facilities-Developmentally Disabled (ICF-DD)
- Medical Transportation
- Other Services
- Home Health
